## About Our Move (April 2002!)

When Magic Dragon Books & More opens in Downtown Visalia, we hope to be more than a bookstore. We want to be a community place.

Since 1989, Magic Dragon has served the local community. During the last two years we (the new owners entrusted with this special store) have expanded our inventory and launched two web sites. Now is the time to do something truly special... become a place to meet and share times with friends and family.

With extended Friday and Saturday night hours, you can enjoy shopping Downtown Visalia and eating a great meal before relaxing on our covered patio with a favorite magazine or new book. The atmosphere will be quiet, relaxed, and family-oriented.

Family. Magic Dragon will always be a great place for families. Downtown Visalia hosts wonderful family events -- we'll just be one more reason to enjoy those events with your friends and family.

## What We Will Be...

As with any change, there are stories about our plans for Magic Dragon. We think it's important to let our customers know exactly

what we want to accomplish.

**Children's Books.** It is our intention to remain Visalia's leading source for children's books. We are not reducing our children's inventory -- in fact, we plan to expand our title selection over the next few years. Our non-fiction sections will continue to grow, for the curious of all ages.

**Teacher Resources.** Our "Teacher Alley" will include more teacher resource books from publishers such as Scholastic, Carson-Dellosa, Evan-Moor, Good Apple, and others. We will be reducing our inventory of paper goods and decor, allowing us to expand our resource book selection. We will continue to offer a full-line of educational products online and through our catalogs.

**Magazines.** We are adding a magazine section... but don't expect to find all the popular magazines on our stands. Our selection will be "family friendly" and include magazines for children, parents, and educators. Popular news and business magazines will also be included.

**Books for Grown-Ups.** Slowly, as our remodel and resources allow, we will add books for our "older" readers... This expansion will take place over many years -- and within the context of a family-oriented store.

**Café Area.** There is a patio and café area in the new store. We do not know when there will be refreshments available, but the patio is a wonderful place to sit and watch people strolling along.

**Events.** Downtown Visalia is home to many wonderful events. We are likely to host our own special evenings -- let us know your ideas!
